TOWNSHIP: \_\_\_\_\_ SECTION: \_\_\_\_\_

Check one: \_\_\_\_\_ 1 Application \_\_\_\_\_ 2 Applications # of feet to be treated: \_\_\_\_\_

Payment Amount: \$ \_\_\_\_\_

## CONDITIONS OF PERMIT:

1. Road chemicals may be applied by the owner or an approved contractor for the owner. The only materials approved for use on the roads are calcium chloride, magnesium chloride, magnesium lignosulfonate liquid, and lignin sulfonate.
2. Signed permits must be received in our office by May 9<sup>th</sup> for application after June 1<sup>st</sup>. Any permits received after that day will be held until the second application. Any new permits for the second application must be in our office by July 15<sup>th</sup> for application after August 1<sup>st</sup>. Permits should be sent to the contractor who will in turn forward it to the County.
3. The County reserves the right to rework the treated area and maintain them as loose granular surfaces if the County Engineer or his/her designee feels they are a safety hazard to the traveling public.
4. The Contractor and/or Homeowner will be responsible for placing flags provided by Cerro Gordo County at the fence line (beginning and end) of the area to be treated. **Failure to install the flags could result in the County blading through the treated area. The County will not be held liable for re-treating the area if the flags are not in place. Flags are to remain the entire dust control season.**
5. All dust control will be bladed through after October 7<sup>th</sup> to prepare roads for winter.
